Dear Callet:

I am enclosing Affidavit + papers which should enable you to obtain a satisfactory hearing from Our Council in Switzerland.

Everybody is looking forward with great pleasure to your speedy arrival. And asked me to send you their love.

It took me a little more time to get these papers ready for you than I expected but I was careful to get all the details correct and I hope you will find same in order.

If you should need anything at all, do not hesitate to let us know.

Your loving cousin
Adolf
